

MANRRS36

MARCH **23-26** 2022

WHAT'S THE FUTURE OF THE INDUSTRY?

You can impact the future by getting involved now.

Join us for the largest conference for minorities in agriculture, food natural resources, and related sciences to help change the face of scientific studies.

CONFERENCE BENEFITS

- Engaging workshops, breakout sessions, and keynote speakers for professional development
- Connecting with like-minded students across the country to develop knowledge and prepare for future professional roles
- Refine skills to prepare for your ideal internship or job in the sciences industry
- Career fair and networking opportunities with some of the biggest brands in the industry, including Cargill, Land O' Lakes, Syngenta, and more

WHO CAN ATTEND

- Student members OR interested non-members of MANRRS Regional Chapters, including Jr. MANRRS, undergraduate, and graduate students
- Professional members OR interested non-members
- Representatives of national partner organizations
- Exhibitors, including academia, associations, government, corporations, and more
- YOU!

READY TO

**GROW PERSONALLY AND PROFESSIONALLY?
MAKE LASTING CONNECTIONS?
BUILD A BETTER FUTURE FOR THE INDUSTRY?**
