## I AM MANRRS. YOU ARE MANRRS. WE ARE MANRRS.

MANRRS is the voice that promotes academic and professional advancement for minorities in agriculture, natural resources, and related sciences. Through community, affirmation, and empowerment, we're changing the future of the industry to a more equitable and diverse environment. With over 100 chapters located at various high schools, colleges and universities throughout the United States and numerous partnerships across academic institutions, government agencies, private industry and other non-profits, our society is changing the face of agriculture by linking hands around the world.

## OUR MISSION:

To promote academic and professional advancement by empowering minorities in agriculture, natural resources and related sciences.

## OUR VISION:

To be the premier worldwide organization dedicated to career and professional development of a diverse, highly skilled membership, involved in creating opportunities and advancements in agriculture, natural resources, and related sciences.

## Testimonial

"I have attended dozens if not hundreds of industry events in my long career and nothing has inspired me or impressed me more than the MANRRS Annual Conference. The dedication and commitment to these upcoming leaders is inspiring. The ongoing support network throughout the alumni's careers is amazing. MANRRS is a world class organization and the Annual Conference is a world class event. I am very proud that my company, Cargill, supports MANRRS."

# Annual Report 2022-2023

*a year in review.*

What a year! Our theme for 2022-2023 was MANRRS: Collaborate, Cultivate, Motivate. I write in gratitude for our National Partners, Executive Committee, National Office Staff, Advisors, students and members at large. I am proud of our accomplishments, more confident than ever in our strategies, and inspired by the work that we do at MANRRS. Because of your efforts we had a record breaking year from Regional Clusters, the Annual National Conference, and the increase in our MANRRS chapters. Our members drive everything we do, and we have extended our commitment to our mission. - **Marcus Bernard, Ph.D.**
