

2019 MANRRS BLM INTERNSHIP PROGRAM

Location: Phoenix, AZ – BLM National Training Center

Job Title: Public Affairs Specialist- Intern

Related Degree: Marketing, Digital Marketing, Communication, Political Science, Journalism, Digital Culture, Film Production, Multimedia Design

Position Description:

The BLM National Training Center (NTC) is developing a strategic communication plan and would benefit from an intern's assistance, perspective, and creative approach in helping NTC achieve its goals. The primary objective of this intern is to analyze the National Training Center's current marketing and branding practices, identify potential areas for improvement and present solutions to the NTC Management Team. Intern will assist in the development and outline of tangible and digital marketing materials for the NTC including the development of an NTC Brochure and Newsletter, branding and content development of NTC Sharepoint Site, and the promotion of NTC trainings through the BLM Daily and a NTC Promotional video.

Location: Yuma, AZ – Yuma Field Office

Job Title: Biological Technician

Related Degree: Biology, Natural Resources, Wildlife, Environmental Sciences

Position Description:

This project would be specific to wildlife water catchment inventory, monitoring, and maintenance. This project will work collaboratively with state and private personnel to identify current and future needs of YFO wildlife water catchments. Specifically, it would also include a site specific multi-agency NEPA to redevelop one wildlife catchment and assist with water right acquisition.
